## 'Synergy 2025' Showcases Talent, Innovation and Collaboration

Kunal MB Chaudhary

'Synergy 2025', one of the most anticipated annual academic and cultural festivals, concluded with

remarkable enthusiasm and participation on campus this week. The event brought together students, faculty, innovators and industry professionals under one platform to celebrate creativity technical excellence and teamwork.

Synergy in sgt marked by presense of eminent leaders from pharmaceuticals and life sciences

sectors. On opening day, Madan Mohan Reddy, director of Aurobindo pharma ltd attended the

'Synergy 2025' as chief guest. P. K. Dutta Managing Director Systopic laboratories pvt Ltd and Dr Goutam Bhattacharya CEO of life

sciences sector skill development council were the distinguished guests.

For valedictory session Dr marlini deshwal IAS Special resident commissioner Odisha was chief guest and Dr Madhur gupta Technical officer WHO India, Dr Ekta Kapoor Scientist G, Department of Science and

Technology attended the program as distinguished guests.

The valedictory session concluded Synergy 2025 with thoughts - provoking perspective on innovation , global healthcare standards and future of science and technology.

This year's edition focused strongly on the theme "Collaboration for a Smarter Future", highlighting how interdisciplinary ideas can pave the way for meaningful progress. The festival featured a vibrant mix of activities, including technical competitions, research exhibitions,

startup showcases, cultural performances, and interactive workshops. Participants presented

innovative prototypes, design concepts and community-driven solutions, emphasising student-led innovation.

Guest speakers from reputed institutions and industries addressed sessions on entrepreneurship,

## Congratulations

Prof Sujay K Guha Professor Department of Electrical Engineering & Department of Physiology has secured a restigious Consultancy grant of 4954000 rupees from IIL under CSR initiative for establishing a RISUG Manufacturing GMP-complaint Nitrogen- containing Micro Clean room and Test Batch Production

Mr Maninder singh from bsc nursing 5th semester secured 3rd position in Shot put at National Level Sports Competition during 31st SNAI Beinnial Conference 2025 Pune.

## SGTU Sets New Benchmark in Semiconductor Education

**Gurugram:** SGT University has emerged as a leading institution in India's rapidly growing semiconductor education ecosystem, setting a new benchmark with its industry-aligned curriculum, state-of-the-art laboratories, and strong research focus. The chief guest from director of semiconductor mission Dr Manish K hooda addressed on India's semiconductor growth and emerging opportunity. As India scales up its ambitions to become a global semiconductor hub, SGT University is equipping students with the skills needed to meet the increasing demand for design, manufacturing, and innovation in the sector.

The university's School of Engineering & Technology offers specialized programs

covering VLSI design, chip fabrication, nanoelectronics, embedded systems, and semiconductor manufacturing processes. These programs are designed in collaboration with industry partners,

commitment to experiential learning. Advanced cleanroom facilities, modern fabrication labs, and simulation centers allow students to engage in real-world semiconductor projects. The university also hosts workshops, expert talks, and internships with leading semiconductor companies, strengthening industry-academia connections.

By nurturing skilled professionals and fostering innovation-driven research, SGT University is contributing significantly to India's semiconductor mission. With its forward-thinking

approach, the university continues to set new standards, empowering the next generation of engineers to shape the future of chip technology.

ensuring that students gain hands-on experience with the latest tools and technologies.

What sets SGT University apart is its

What after  
10+2?BE THE VOICE OF  
TOMORROWPURSUE JOURNALISM,  
MASS COMMUNICATION  
& MEDIA STUDIES

## COURSES OFFERED

BAJMC, MAJMC,  
PhD in Mass  
Communication

## Specializations in

Journalism, Television & Radio Productions, Public  
Relations, Advertising, Photography, Filmmaking, MOJO,  
Data Journalism, Digital Media, Media and Generative AI,  
Podcasting & Vlogging, and much more.

## Why Choose Us

- Syllabus framework as per the New Education Policy
- Hands-On Training with Modern Equipments like gimbal, drone, & licensed AV software
- Workshops & Mentorship by Industry Experts
- Live paid internships throughout the course
- Exciting excursions and educational trips for industry exposure

## Experts Decode Digital Storytelling and Social Media Diplomacy

**Chinki**

**Gurugram:** The Faculty of Humanities, Social Sciences, and Liberal Arts (FHSL), SGT University, in collaboration with the School of Emerging Media, Communication, and Film Studies, organised a Diplomacy Dialogue on the theme “Digital Storytelling and Social Media Diplomacy.” The event brought together eminent scholars and experts to deliberate on the evolving intersections of technology, communication, and diplomacy in the contemporary era.

The session commenced with a cordial welcome address by Dr. Nandini Basistha, who contextualized the theme by highlighting the significance of digital narratives in shaping

global diplomacy and international perception. This was followed by Dr. Debasis Bhattacharya, Dean, Faculty of Humanities, Social Sciences, and Liberal Arts, who extended a formal welcome to the

distinguished speakers and participants. Dr. Bhattacharya underscored the relevance of such dialogues in understanding how digital platforms have redefined statecraft and transformed the conduct of international relations in the 21st century.

The event featured three distinguished speakers — Prof. (Dr.) Ashok Acharya, Department of Political Science and Director, Delhi School of Transnational Affairs, University of Delhi; Dr. Abhishek Srivastava, Assistant Professor, Centre for International Politics, Organisation and Disarmament, School of International Studies, Jawaharlal Nehru University; and Dr. Sumedha Dutta, Assistant Professor of Sociology, South Asian University.

Prof. (Dr.) Ashok Acharya addressed the theme “Transformation of Diplomacy in the Digital Age.” Referring to Henry Kissinger’s conception of diplomacy as the “art of restraining power”.

## Dr. Nasa, PVC Honoured with Lifetime Achievement Award

**Gurugram:** In a proud moment for SGT University and the pharmaceutical academic community across India, Prof. (Dr.) Atul Nasa, Pro Vice Chancellor, SGT University, has been conferred the prestigious IPGA Lifetime Achievement Award. The honour was presented during the 37th Annual Conference of the Indian Pharmacy Graduates’

Association (IPGA), held at Baba Saheb Bhimrao Ambedkar University, Lucknow.

This distinguished recognition celebrates Dr. Nasa’s remarkable journey of excellence, spanning decades of impactful work in

strengthening India’s pharmaceutical ecosystem. A respected academician, visionary administrator, and one of the country’s most influential voices in pharmaceutical regulation, Dr. Nasa has consistently championed progress in pharmacy education, research advancement, and public health policy. Beyond his pivotal role in academia, Dr. Nasa has contributed significantly in national decision-making as a member of several

prestigious committees of the Government of India, including the Drugs Technical Advisory Board (DTAB), the highest statutory body advising the government on drug regulation and pharmaceutical standards.

## 'INTERNNOVA 2025' Showcases Industry-Ready Talent

**Shivam Tiwari**

**Gurugram:** In a vibrant display of creativity, research, and professional learning, the School of Commerce & Management and SGT Global Business School, SGT University, proudly organized INTERNNOVA 2025 - Summer Internship Presentation Competition. The event brought together some of the brightest minds from leading institutions, celebrating the spirit of innovation and practical knowledge gained through real-world industry exposure.

This year’s edition witnessed enthusiastic participation from 19 students, including 7 external participants representing renowned universities such as Sushant University, NorthCap

University, JK Business School, and Shri Vishwakarma Skill University. Students showcased their internship experiences through project presentations across diverse domains including finance, HR, marketing, taxation, operations, wealth management, and digital transformation-reflecting the dynamic needs of modern businesses.

The competition was evaluated by an esteemed panel of industry

experts:

- Mr. Sumit Khanna, Founder, KD Premium Gadgets
- Mr. Sagar Malik, Regional HR –

TA Lead, Everest Fleet & proud SGT alumnus

- Mr. Rishi Sharma, Innovation Mentor & Startup Consultant

Their insights and feedback offered students valuable perspectives on innovation, employability, and emerging industry expectations.

After an exciting and closely contested session, the winners were announced amidst applause and celebration: 1st Place – Yogesh Dixit, Shri Vishwakarma Skill University, Haryana 2nd Place, Sameer Vats, Sushant University, Gurgaon. 3rd Place – Gursheen Kaur, SGT University

The judges praised the participants for their clarity of thought, analytical depth, and ability to

translate academic learning into practical solutions. The event also extended heartfelt gratitude to KD Premium Gadgets for sponsoring the competition and encouraging young talent through meaningful support and engagement.

Faculty leaders Dr. Nikhil Monga, Dr. Chand P. Saini, and Dr. Niyati Chaudhary expressed their pride in the students and emphasized the importance of experiential learning in shaping industry-ready professionals. They shared that 'INTERNNOVA 2025' reflects the university’s vision of nurturing confident leaders who can innovate, collaborate, and contribute to real-world business challenges.

## Comprehensive Hands-on Training Program organized

**Gurugram:** The Department of HR NT (Training & Development) has successfully organized a five days

followed by a post-training evaluation on 29 November. Through structured, practice-based sessions, the participants

Comprehensive Hands-on Training Program on Basic MS Excel for all Block/Building Supervisors and Pantry Supervisors of SGT University. The training was conducted at Computer Lab No. 203, D Block,

were introduced to essential Excel concepts, including worksheet structure, data entry, formatting, sorting, filters, page layout settings, and basic formulas such as sum, count, average, percentage calculations, and

## Training session conducted on Personal Grooming and Office Etiquettes

A Training session was conducted on Personal Grooming and Office Etiquettes on 29 November for all Supervisors, Hostel Wardens, and Front Desk Executives at Lecture Hall 120, Block C. The program was organized by HR NT (Training & Development) in coordination with the Department of HR NT, and registered with IQAC vide SGTU/IQAC/HRNT/11/2025/939 & 951.

The session began with a welcome address by Mr. Rakesh Kumar, who highlighted the importance of grooming and professional behaviour in creating a positive workplace environment. The training was led by Dr. Sarju

Devi, Head, Department of Learning & Development, who delivered an insightful lecture on

personal grooming, communication skills, workplace manners, punctuality, and maintaining office decorum. The training aimed to enhance professionalism, improve

interpersonal communication, and strengthen service standards among staff. Participants actively engaged in the session and appreciated the practical tips provided. They expressed that the session was informative, easy to understand, and helpful for their day-to-day responsibilities.

The program concluded with remarks from Dr. Subodh Kumar, Registrar (SGT U), who emphasized the importance of discipline, professional appearance, and positive conduct in the workplace. The training successfully contributed to improving confidence, efficiency, and workplace etiquette among the participants.

# Panel Ignites Dialogue on Key Social Issues

**Gurugram:** The halls of SGT University's School of Emerging Media, Communication & Film Studies recently buzzed with a vibrant and crucial exchange of ideas, proving that the future of meaningful discourse is in capable hands. The school successfully hosted an inspiring Panel Discussion **Vicharon Ka Mahasangram** that didn't just present information but genuinely encouraged students to think critically and engage

deeply with pressing contemporary issues. The event featured two exceptional speakers, Mr. Praveen Yadav and Mr. Moolsingh Shekhawat, whose powerful perspectives offered a springboard for dialogue. Their talks weren't dry academic lectures but heartfelt calls to action, inspiring the next generation of media professionals and citizens to step up and make a difference. The discussion covered a broad and highly relevant range of topics. One nation one election A balanced look at how this ubiquitous tool shapes opinions, spreads

information the panelists were kunal, hariom, anshika, prashant kumar. All performed well in the debate. They showcased their talent among audience Women's Safety A non-negotiable topic that demanded open and honest discussion about systemic issues and collective responsibility. The panelists were anushruti kaniska, surati, agrima. Panelists performed well in the debate by putting valid points in the debate. Youth Responsibility A compelling

focus on the moral and civic duty of young people in shaping their communities and the nation. A Call for Meaningful

Discourse What made this event truly special was its commitment to humanizing these complex issues. Mr. Yadav and Mr. Shekhawat stressed that communication is not just about relaying facts, but about building bridges of understanding. They challenged the audience to look past the noise and sensationalism often found in modern media and instead engage in meaningful, ethical discourse. The session

highlighted that the role of media students extends beyond reporting; it involves becoming responsible curators of information and catalysts for positive change. By tackling subjects like women's safety, the speakers underscored the urgent need for empathy, awareness, and community-driven solutions, reminding everyone present that safety is a collective effort, not solely an individual concern.

## Interpersonal Skills Workshop Empowers Future Dental Professionals

**Gurugram:** The Faculty of Dental Sciences at SGT University took a meaningful step toward shaping confident, compassionate, and professionally competent dental practitioners by organizing a highly engaging Interpersonal Skills Workshop for BDS students. The workshop was conducted under the expert leadership of Dr. Sarju Devi, Head of Learning & Development, Centre for Career Advancement, whose session left students visibly inspired and deeply reflective. Guided by the vision and support of Dr. Omkar K Shetty, Dean, and Dr. Sumit Singh Phukela, Associate Dean,

as conveners, the event was thoughtfully coordinated by Dr. Vishal Sharma, Dr. Ankanksha Joon, and Dr. Surbhi Priyadarshi, who served as co-conveners. Recognizing that dentistry demands not only clinical expertise but also strong human connection, the workshop focused on developing essential skills such as effective communication, teamwork, empathy, conflict resolution, and professional etiquette. Through interactive conversations, activity-based

learning, real-life scenarios, and self-reflective exercises, students explored practical

methods to build trust with patients, communicate clearly during treatment, and collaborate efficiently with peers and clinical staff. Dr.

Sarju Devi emphasized the power of interpersonal skills in shaping successful healthcare environments.

"Patients remember how we made them feel, not just the treatment they receive. As future dentists, your communication and compassion will be your greatest tools," she shared, receiving heartfelt appreciation from the students. The session encouraged young dental professionals to understand emotional intelligence, develop

confidence in patient handling, and strengthen teamwork culture within clinical settings. Students actively participated, asked questions, and shared experiences, making the workshop lively and impactful. Faculty members expressed that such training initiatives are crucial in today's dynamic healthcare environment, where soft skills hold as much importance as medical proficiency. They also stated that the Faculty of Dental Sciences remains committed to nurturing well-rounded professionals equipped with not only technical excellence but also leadership, empathy, and strong interpersonal values.

## Synergy 2025: Energy... Enthuciasm... Innovation

## Transformative Kuchipudi Dance Workshop by Vidushi Thakur

**Ashish John**

**Gurugram:** SGT University's Nrityaangan Club had the honour of hosting a transformative two-day Kuchipudi Dance Workshop conducted by the distinguished Vidushi Meenu Thakur, one of India's celebrated Kuchipudi exponents and a renowned SPIC MACAY artist. The workshop marked a significant cultural event on campus, bringing students closer to the rich classical heritage of India through an immersive and insightful learning experience.

From the very beginning, the workshop created an atmosphere filled with enthusiasm, discipline,

and artistic energy. Vidushi Meenu Thakur Ji introduced

participants to the foundational principles of Kuchipudi, explaining its historical roots, spiritual essence, and its unique identity among Indian classical dance forms. Students were

guided through the intricate techniques of the dance-ranging from precise footwork to expressive hand gestures (mudras), and from graceful body movements to the emotive abhinaya that defines Kuchipudi's narrative power.

As the sessions progressed, the students experienced the depth and complexity of the art form. They learned how each movement carries meaning, how rhythm and expression blend seamlessly, and how devotion is interwoven into every aspect of Kuchipudi. Meenu Ji's patient and structured teaching

approach helped even beginners feel confident,

while advanced learners found new dimensions to explore in their practice. Her emphasis on discipline, focus, and emotional connection encouraged participants.

## Triviathon 3.0 – mission concluded with resounding success

**Gurugram:** Triviathon 3.0 concluded with resounding success, marking yet another proud moment of unity, intellect, and spirited competition. The campus was brimming with energy as students from various Academic Clubs came together to test their knowledge, challenge their limits, and celebrate the joy of learning. With every round becoming more exciting than the last, the event truly lived up to its mission of igniting curiosity and encouraging teamwork.

A heartfelt shoutout goes to ANVAYA and all the participating Academic Clubs whose dedication and enthusiasm turned this event into a memorable experience. Their hard work behind-the-scenes from planning question banks to organizing logistics was evident in the seamless execution of the contest.

## Students Explore AI-Powered Learning Innovations

**Sonia Bhat**

**Gurugram:** SGT University's School of Humanities, Social Sciences and Liberal Arts (SHSSLA) recently organized an enriching Industry Expert Special Lecture that shed light on one of the most transformative forces shaping modern education-Artificial Intelligence. The event, titled "AI Intervention in Today's Global Educational Landscape," brought together industry professionals, faculty members and students for a dynamic exchange of knowledge and ideas.

The session began with a warm welcome to the invited expert, Mr. Amit Kataria who was felicitated

by university representatives. The presence of respected

scholars and industry practitioners set the tone for a highly engaging and future-oriented dialogue.

Throughout the lecture, speakers highlighted the rapid evolution of artificial intelligence and its deepening role in shaping teaching, learning and institutional

operations. They addressed how AI-powered tools are transforming everything from personalized learning systems to administrative efficiency, making education more accessible, adaptive and globally connected. Participants explored both the opportunities and challenges that accompany this technological shift, including ethical considerations, data privacy concerns and the need for continuous skill development among educators.

The session encouraged students and faculty to reflect on how AI can be integrated thoughtfully to enhance human creativity rather

than replace it. Emphasis was on the importance of interdisciplinary approaches, where technology and humanities work hand in hand to build sustainable educational solutions. They also shared examples of real-world applications.

plinary approaches, where technology and humanities work hand in hand to build sustainable educational solutions. They also shared examples of real-world applications.
